We train on several types of Forklifts, Loaders and Aerial Lifts (Boom and Scissor).

Our training and certification is regulatory compliant with the most current standards and regulations. Programs are provided either at worksites all around the nation or at our site. Our various safety programs help to guarantee effective and safe workplaces.

Reasons Why You Should Choose Train the Trainer

The best alternative for training employees is sometimes hiring a third party organization to perform the training and certification. There are however various good reasons to send a few of your employees to Train the Trainer programs. Your business could benefit by maximizing your investment. Teaching an existing staff individual to train various workers is cheaper than engaging the services of somebody new. Companies should avoid expecting individuals to take on trainer responsibilities on top of their current duties. The designated trainer has to be relieved of some of their responsibilities in order to avoid trainer exhaustion.

Developing internal training resources helps to empower your business, increase its resources and encourage staff to be self-reliant. With an in-house trainer, other staff members could feel more comfortable learning new skills than they would with someone new. By internally training, new personnel can quickly be trained and brought up to speed on the machinery in case of employees turnover.
